EVO
FORMANCE®

L.E.D. Ultrabrights

LED Ultrabrights use the brightest, flattest LED's available. They offer 180° illumination at a brightness that exceeds neon lighting. Only 1/8" thick, and completely flexible for quick and easy, versatile installation anywhere. 100% waterproof and connect directly to your vehicle's 12V system. Available in Red, White and Blue.

LED Ultrabrights

Description	4"	8"	15"
LED Ultrabrights - RED	93271	93281	93291
LED Ultrabrights - BLUE	93273	93283	93293
LED Ultrabrights - WHITE	93276	93286	93296

Multi Use L.E.D. Light kits

Multi-use LED bulbs give your vehicle a unique custom look with 3 5mm bulbs, each with 4 feet of wiring and a black finishing clip. Easy to install with a 1/4" perforation for a secure mount. 100% waterproof. For off-road and decorative use. Check state/local laws. Available in White and Blue.

Multi Use LED Light Kit

Description	White	Blue
Multi Use LED Light Kit	93166	93163

L.E.D. Truck Bed Light Kits

LED Truck Bed Lighting Kits use the brightest LED lights available. These LED's offer 180° illumination. 100% waterproof and connect directly to your vehicle 12V system. Simple, universal installation.

LED Truck Bed Light Kits

Description	Part#
LED Truck Bed Light Kit (4 Lightstrips)	93326
LED "Flexible" Truck Bed Light Kit (2 15" Strips)	93322

LED Dome Light / Cooper Switch

Description	Part#
LED Interior Dome Light White	93346
Cooper Switch Unit (3 Switches)	93331

L.E.D. EVO Eyes

EVO Eyes create a bright ring of light around virtually any headlight. Made with Hi-temp resistant materials so they will not melt when mounted inside vehicle headlight housing. 100% waterproof and available in two convenient sizes. Installs directly to your vehicle's 12V system. Available in White or Blue.

LED EVO Eyes

Description	White	Blue
EVO Eye 9cm	93206	93203
EVO Eye 12cm	93216	93213
LED EVO Eye 9cm	93217	

L.E.D. EVO Eyebrows & Sidewinders

EVO Eyebrows & Sidewinders use extremely bright and flat LED's mounted on a flexible strip. When installed, they can be used as daytime running lights. 100% waterproof. Installs directly to your vehicle's 12V system. Available in White or Blue.

LED EVO Eyebrows

Description	White	Blue
LED EVO Eyebrows (Link up to 5 strips in series)	93318	93317
LED Sidewinders (2 - 15" Strips)	93320	

L.E.D. Lightning Strobes

LED Lightning Strobes offer an excellent level of intensity at an affordable price. 100% waterproof and can be installed anywhere on the interior and exterior of the vehicle. Expansion kits are available up to 20 strobes per control box. U-Shape Headlight Strobes feature fast "triple-flash" action and have a wedge shaped, threaded base that allows simple twist installation into headlight housing. 17" Strobe Bar feature bright LED's, extreme flexibility and are 100% waterproof.

LED Lightning Strobes

Description	Part#
LED Lightning Strobes (4 Bulbs)	93187
LED Lightning Strobes Expansion Kit (2 Bulbs)	93188
U-Shape Headlight Strobes	93181
