## Holley

Aluminum Street Carbs

Holley's new 0-1850SA & 0-80457SA are constructed from aluminum which compared to their zinc counterparts equates to a weight savings of over 5lbs each! Holley's new aluminum 0-1850SA & 0-80457SA all hold their shine and also can be hand polished for a custom look.

- Vacuum secondaries allow use on wide variety of vehicles
- Electric choke for easy warm up (0-80457SA)
- Manual choke (0-1850SA) lets you control the warm up
- Single feed fuel inlet
- Calibrated for excellent street performance
- Ford A/T kickdown does not work w/ A.O.D. transmissions
- 1 timed (spark) port, 1 full vacuum and 1 PCV port
- Performance upgrade for stock to mildly modified vehicles
- "Next Gen" needle & seat design eliminates the need for external float level adjustment

## Why buy from P&E?

-P&E covers the performance, race, engine, truck, Jeep™, diesel, and audio/video markets.

### Knowledgeable Sales Staff

- Over 300 years of sales experience
- Our guys are car guys
- Ongoing training program

### Inventory

- We stock fast selling products
- Monthly sales flyer specials
- Weekly email specials

### Service

- Personal service
- We deliver (same day in some areas) next to the rest of our delivery area
- We ship UPS/ We ship LTL
- We drop ship direct to you from our manufacturers
- Online ordering & inventory 24/7
- Fast turn around on returned merchandise
- We are interested in growing your business

# Air & Fuel

## Air & Fuel

**Edelbrock**

### Performer Manifolds

Performer intake manifolds are low-rise, dual-plane designs with patented runner tuning and a 180 degree firing order. This combination boosts torque over a wide rpm range.

### Performer EPS Manifolds

Dyno tests showed an extra 5 HP and 9 ft.-lbs. over their own Performer manifold. The secret's in the all-new runner design, which is tuned to produce substantial torque increases in the 3,000-4,500 rpm range.

#### CHEVY/GMC - Satin Finish

Chevy 262-400 Small Block non-EGR .....	.2701 .....	\$125.99
---	-------------	----------

### Performer RPM Air Gap Manifolds

Deliver a cooler, denser air/fuel mixture to your cylinders with Edelbrock's Performer RPM Air-Gap. The open air space from the Air-Gap design separates the runners from the heat of the lifter-valley cover. So, the air/fuel mixture stays cooler.

# Air & Fuel

## Billet Aluminum Electric Fuel Pump

- 175 GPH
- Internal bypass
- Provision for fuel pressure gauge (gauge not included)

30-175 \$150.00

## 340 HP Fuel Pump

- High-output in-tank, electric fuel pump that fits most popular EFI applications
- Compact, lightweight pump
- Bolts into most existing hanger assemblies
- Superior flow throughout a wide pressure range

11140 ..... Center Inlet ..... \$135.82  
 11141 ..... Offset Inlet ..... \$135.82  
 11142 ..... Offset Inlet - Inline w/ Outlet .. \$135.82

## Drag Race Electric Fuel Pump

- Diaphragm controlled bypass dampens pressure spikes for smoother, more controlled flow and pressure
- Flows over 350 GPH free flow
- Supports drag racing applications make 500-2,500 HP on gasoine and up to 1,500 on alcohol
- -10AN inlet & outlet ports
- -8AN return port and a 1/8" NPT gauge port

11202 \$362.92

## Eliminator In-Line Electric Fuel Pump

- Delivers 1,000 lbs./hour @13.5 volts and 8 PSI
- Delivers 800 lbs./hour @ 13.5 volts and 45 PSI
- Supports carbureted engines making up to 200 HP
- Supports naturally aspirated EFI engines making up to 1900
- 12AN inlet & -10AN outlet ports
- Features patent pending "dual chamber" pumper mechanism

11104 \$430.53

## Electric Fuel Pumps

- Ideal for replacing a stock pump
- Available in two pressure ratings

Part#.....	Description .....	Sale
12S .....	4 to 7 PSI .....	\$32.61
42S .....	2.5 to 4 PSI .....	\$32.67
12D .....	4 to 7 PSI (Diesel) .....	\$48.37

## A1000 In-Line Electric Fuel Pump

- Delivers 800 lbs/hour 13.5 volts and 8 PSI
- Delivers 600 lb/hour @ 13.5 volts & 45 PSI
- Supports carbureted engines making up to 1500 HP
- Supports fuel injected engines making 1300 HP
- -10AN inlet & outlet ports
- Durable, reliable and good looking

11101 \$278.36

## EFI Electric Fuel Pump

- For fuel injected applications with base pressure settings between 30 & 70 PSI
- Delivers 450 lb/hour @ 12 volts & 45 PSI
- Supports EFI engines making 150-800 HP
- -8AN inlet & -6AN outlet ports

11106 \$278.36

## HP Electric Fuel Pumps

- Gerotor design for quiet smooth operation and durability
- Black Mil-spec nickel teflon hard anodized billet base
- 3/8" NPT inlet/outlets
- HP 125 delivers 125 GPH @ 7 PSI to eliminate the need for a separate regulator on most carb. applications
- HP 150 delivers 150 GPH of fuel at free flow & 140 GPH at 7 PSI and is internally regulated to 16 PSI to work w/ the included 4-7 PSI regulator
- Both pumps work great on the street as well as the track

12-125 ..... HP 125 Fuel Pump ..... \$184.55  
 12-150 ..... HP 150 Fuel Pump w/ Regulator ...\$207.45

## Mechanical Fuel Pumps

Mechanical fuel pumps are designed to work with stock or mildly modified engines and delivers a free-flow output

	110 GPH	130 GPH
Chevrolet .Small Block V-8 .12-327-11 ..	\$75.43	12-327-13 ..\$84.63

## Electric Fuel Pumps

Features Tumble Polished Billet Look New Lower Housing Casting for Enhanced Fuel Flow and Quieter Operation

12-801-1 ..97 GPH "RED" Fuel Pump .....	\$99.35
12-802-1 ..110 GPH "Blue" Pump With Regulator .....	\$121.45
12-815-1 ..140 GPH "Black" Fuel Pump .....	\$149.95
12-803 ..Two Port 4.5-9 PSI, Chrome, Press Reg - Carb ..	\$25.25

## Adjustable Regulators

- Adjustable from 5 to 12 psi
- Designed to be used on carbureted engines with their street rod pump & their A2000 pump
- Regulator re-seats after the needle shuts down, reducing pressure creep
- 1/8" NPT gauge port

Part#.....	Description .....	
13201....	-6AN Female inlet & outlet ports .....	\$79.75
13205....	3/8" NPT inlet & outlet ports .....	\$79.75

## Bypass Regulators

- Designed to be used with the A1000 fuel pump
  - Provides two inlet ports and one return port
  - Adjustable from 30 to 70 psi
  - 1/8" NPT gauge port
  - Will work with alcohol
- |            |   |          |

| 13109..... | -6 AN inlets and -6 AN return port .....  | \$128.86 |

# Air & Fuel

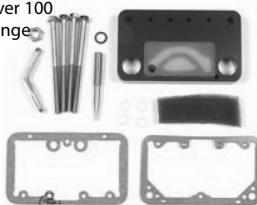

## Adjust-A-Jet

- Bolts between the metering block and fuel bowl
- Does not affect the original idle characteristics
- The needle valve ranges from jet sizes 50 to over 100
- Make rich/lean adjustments instead of a jet change

### Eliminates jet changes for good!

- Save Time
- Avoid Fuel Spills
- Use on Any Vehicle
- Metering Needles Provide Infinite Fuel Adj.
- Includes Jet Size Equivalency Chart

15001 ...Adjust A Jet/ Street Strip (2300, 4150, 4160) ....\$59.00  
 15002 ...Adjust A Jet/ Street Strip fits Dominator Gas ....\$69.00  
 15008 ...Adjust A Jet/ Fuel Crossover Tube for 4160 ....\$7.99  
 15010 ...Adjust A Jet/ Reuseable Gaskets 1 Pair .....\$4.99

## Carburetor Main Body

- Direct replacement component to turn a street carburetor into a high performance carburetor
  - Easy swap-in, swap-out installation utilizing existing metering blocks, fuel bowls, and base plate
  - Add up to 25-50 HP
  - Comes with instructions, and all necessary non-stick replacement gaskets and high-performance jet kit
- 67100C ...Mech. secndry main body 650/700/  
 .....750/800 CFM .....\$97.99  
 67101C ...Vacuum sec. main body - 750 CFM .....\$97.99  
 67107C ...Mech Secndry Main body - 850 CFM .....\$166.59  
 67108C ...Mech secndry Main body - 950 CFM .....\$178.49

## Aluminum Fuel Bowl Kit

- Fits Proform, Quick Fuel, & Holley® Double Pumper® Carburetors
- Made from light weight aluminum
- Center hung
- Sight glass widow for easy visual float adjustment
- Kit comes with 2 fuel bows & two gaskets

67162  
**\$73.59**

## Billet Throttle Base Plates

- Made from solid billet for added strength and durability
- Comes with button torx head throttle plate screws, adjustable secondary air flow cam bracket, timed and full vacuum tubes for accessories and tuning
- Component for use on Holley® 850 CFM & 950 CFM Holley® Doubler Pumper® with Mechanical Secondary applications

67155 ...650/700/750/800 CFM Double Pumper  
 .....w/ mech.secndry .....\$137.99  
 67156 ...850 CFM Double Pumper w. mech. secndry .....\$137.99

## Billet Metering Block

- CNC Machined from solid aluminum
- Eliminates porosity problems & will not warp
- Features changeable idle feed restriction

67150C ..Race oriented calibration .....\$56.09  
 67164C ..Secondary conversion, single inlet .....\$63.07  
 67163C ..Secondary conversion, dual inlet .....\$62.31

THE WORLD'S BEST AIR FILTER

## High Performance

### Air Intakes

- Guaranteed to Provide more HP and Increased Acceleration
- Engineered to Specific Vehicle Design
- Easy to Install, Usually in 90 minutes or less!
- Lasts up to 100,000 Miles Before Service is Required

### Intake Kits

#### Chevrolet/Cadillac/Pontiac

# Air & Fuel

## Oval Track Float Kit

- Alcohol compatible
- Nitrophyl material
- Center hung float
- Includes one front & one rear float
- Wedge shape compensates for the action of centrifugal force on the fuel & ensures proper needle and seat operation

65432 \$22.67

## Carburetor Spacer & Adapter Kits

- Made from die-cast aluminum
- Increases power & performance
- Gaskets, studs, washers & nuts included

### Carb Spacer Kits

6005 ..1" Open center .....	\$18.26
6007 ..2" Open center .....	\$27.27
6006 ..1" Ported .....	\$18.26
6008 ..2" Ported .....	\$30.09

### Carb Adapter Kits

1930 ..Holley 4500 4-bbl. to large base .....Holley and AFB 4-bbl manifolds .....	\$54.22
1932 ..4-bbl. carb to any 4-bbl. manifold .....exc. Holley 4500 & OEM w/ exposed .....exhaust crossover tube .....	\$14.25
1929 ..Holley 350/500 2-bbl. to Q-jet bolt pattern .....	\$15.47

1933 ..4-bbl. carb. to small 4 bolt 2-bbl. .....manifold or 4 bbl. 2-bbl. carb. to 4 bolt 4-bbl .....manifold (exc. spread bores) .....	\$13.46

## Throttle Stop for Holley 4150 Carbs

- Provides a very strong and positive stop
- Mounts to carb. Stud and adjusts to help with preventing throttle shafts bores from wearing out from preventing excessive side loading

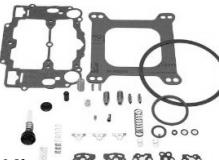

65042 \$22.83

## Carburetor Rebuild Kit

- Includes all parts and gaskets to rebuild all Edelbrock square bore carburetors

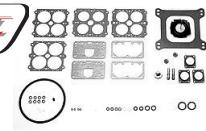

1477

\$30.59

## Fuel Rebuild Kits

- Includes most commonly replaced parts for performance carburetors
- Includes tuning guide and instructions
- Packaging serves as a handy parts tray
- Sold as a kit
- Limited warranty

### Quick Fuel Rebuild Kits

Insulating Plastic Spacer	
3-200 ....Rebuild Kit NS for (4160 V.S.) .....	\$22.35
3-201 ....Non-Stick Rebuild Kit;for ((2300) .....(350, 500 CFM)) .....	\$24.19

37-1547 ..MODEL 4500 .....	\$51.51

## Holley Carburetor Spacers & Adapters

- Insulating advanced plastic and phenolic compound spacers are specially formulated to reduce heat conductivity 10 times greater than aluminum
- Open plenum aluminum carb. spacers increase plenum volume for high RPM power
- Wood spacers feature thin layers of choice laminated hard wood, bonded together with resin to form a natural heat sink

### Insulating Plastic Spacers

64930 ....1" 4-hole(1.72" ea.), 4150/4160 .....	\$28.89
64940 ....1" open plenum, 4150/4160 .....	\$28.92

## Power Grid System

- USB connection for ease of programming
- Timing based on engine rpm and gear value
- Advanced individual cylinder timing based on gear
- Use with 6A, 6AL or most any MSD ignition boxes

Description Part #  
Power Grid ..... .7730 \$32568

## Power Grid System - Ignition Control Only

- USB connection for ease of programming
- Timing based on engine rpm and gear value
- Advanced individual cylinder timing based on gear or time
- Five retard stages for nitrous
- Output switch set on rpm, pressure or time
- Shift light settings for each gear
- Ignition data acquisition accepts multiple runs

Description Part #  
Ignition Control Power Grid ..... .7720 \$35432

Digital 6A & 6AL 6201 \$16575 6425 \$19980  
Ignition Boxes

6201 ..... NEW-Ignition Box, MSD 6A, Digital circuitry, with Rotary Dial Rev Limiter  
6425 ..... NEW-Ignition Box, MSD 6AL, Digital circuitry, with Rotary Dial Rev Limiter

## MSD Programmable

### Digital-7 Ignitions

- Incredible spark energy & control of ignition & rpm.
- Laptop programmable.
- Control each cylinder's timing up to 10°.

Description Part #  
Base model with boost map ..... .7535 \$67586  
NHRA legal with Traction Control  
Detection ..... .7530T \$60132  
Slew and time based rev limits and data acquisition ..... .7531 \$77949

## MSD Digital-6 Plus Ignition

- High output CD Ignition, ideal for serious street/street applications.
- Switch between two rev limits that are adjustable with rotary switches.
- Built-in single stage retard for nitrous and retard.
- Feature adjusted with rotary dials.
- CARB Approved D-40-31.

Description Part #  
MSD Digital-6 Plus, Street ..... .6520 \$27794

## Ford Modular Ignition Controller

- Control the timing and rev limits of a carbureted or EFI Modular motors.
- Laptop programmable timing maps, retards, RPM, and more

Description Part #  
Ignition Controller for Carb. Ford Mod. .... .6011 \$40419

# Ignition & Electrical

## Light Weight Battery Cables

- Fine wire center electrode - Allows for a thicker insulator
- Fuel compatible - Plugs can be used with LPG,E85,
- Silver center electrode - Low Ignition voltage requirements allows easier starting
- ACCEL Lightning Cable is half the weight of standard battery cable
- Compression fittings and terminals
- Optional red and black heat shrink tubing kits

Part #	Description	Sale
1843	.3ft, 2 gauge black grounding cable	\$16.55

## "UNIVERSAL-FIT 8mm

## SPIRO-PRO IGNITION WIRE SETS"

- Best high performance 8mm wire available
- 100% silicone inner core & outer jacket keeps the wires flexible
- Spiro-Wound Core is a high conductive resistor conductor spiral, Stainless Steel wire covered with a fluorocarbon conductive
- Provide more fire power to the spark plugs than OEM resistor core

## Silver Tip Racing Spark Plugs

**• Best Material** - Silver is the best electrical conductor which allows for a wider heat range and is extremely resistant to fouling, which makes it an excellent choice for racing applications.

**• Requires Less Voltage** - Silver center electrodes use less

voltage for easier starting, great for use with CD ignitions and in racing applications. Silver electrodes ensure the maximum voltage to ignite the fuel mixture.

**• Fuel Compatibility** - For use with Gasoline,LPG,E85, Methanol/Ethanol.

**• "Shorty" Header Plugs** - Use the shorty plug where header clearance is a concern. The overall length has been reduced by 1/4" to 3/8" (depending on application) to gain critical air gap between the header and spark plug boot.

\*Sold in 4 Pack Only

Part #	Description	Competitor #	4 Pack

# Ignition & Electrical

## Ignition System

ROUSH YATES & MALLORY  
teamed up for a superior  
racing ignition system

**NEW**  
product

Roush Yates - Mallory Racing Ignition - **6864RY** \$30884

High out-put multi-spark CD ignition for the ultimate in ignition reliability.  
Fully encapsulated for maximum resistance to moisture, heat, dirt and vibration.  
Built-in, easy to adjust rev limiting for ultra smooth control .1000-9,900 - No chips required.  
Works with Mallory: points, crank triggers or electronic distributors  
Designed for use with racing coil part #30460RY.

Roush Yates - Mallory Racing Coil - **30460RY** \$10874

Fully encapsulated for extreme heat and vibration resistance.  
Heat regulating construction for sustained high RPM with minimized dwell time.  
Extruded aluminum enclosure, anodized for a long lasting finish & heat dissipation.  
High output E-Core design performance coil.  
Plug-In connector harness for easy installation.

**Real Performance Since 1962  
Still Going Strong!**

# Engine Components

The MAHLE Motorsports Power Pak kit is developed for high performance enthusiasts and sportsman class racers. The Power Pak pistons are predominately made from 4032 aluminum alloy to allow for tighter cylinder to wall clearances, and improved temperature stability. Some applications require 2618 alloy including the Power Pak Plus category. Each kit is complete with a set of high performance rings, containing a low drag 1.5mm, 1.5mm, 3.0mm set or 1/16", 1/16", 3/16" high performance Ring Pak standard with big block kits.

#### Power Pak feature includes:

- Forged piston for performance applications
  - Fully-machined crown
  - Grafal anti-friction coating on skirts\*
  - Phosphate-coated to reduce micro-welding and pin galling\*\*
  - Pin bores finished on CNC boring equipment
  - High strength, light weight steel pins
  - Race proven round wire locks
  - Low drag ring pak
  - Light weight slipper skirt forgings
- \* MAHLE's GRAFAL® skirt coating reduces drag, scuffing, friction and cylinder bore wear; reduces piston noise.

#### Includes Piston Ring Set

\*\* Phosphate coating provides the grey appearance to the MAHLE piston. This dry lubricant coating (not to be confused with a thermal film coating) provides a lubricant film in the pin bores and ring grooves until the oiling system of the engine reaches operating pressure; particularly useful during the initial start-up or break-in of engines to protect against galling and microwelding. The piston crown is still machineable.

#### Use what the Pros Use

#### Piston Rings

- Street Stock to Nascar Cup
- Bracket Racer to Top Fuel

Total Seal has the right piston ring for your engine

## The Skinny on SCAT Rods

SCAT connecting rods feature the same hih-quality craftsmanship that has led us to the forefront of the performance industry. All of our rods are made from 2-piece chromoly steel forging to endure maximum strength and durability. We also offer many rods in both the I-Beam and H-Beam designs. Precision finished at SCAT on the newest and most modern machinery available by SCAT's master mechanics.

## 4340 Forged I-Beam Rods & Forged H-Beam Rods

Scat connecting rods feature the same high-quality craftsmanship that has led us to the forefront of the performance industry. All rods are made from a 2-piece chromoly steel forging to ensure maximum strength and durability.

## LS1 Retro Fit Oil Pan

Factory LS pans don't always fit or they hang too low for today's hot rods. Holley's new LS Retro-fit Engine Oil Pan is designed to help!

- Provides OEM fitment— OEM oil filter mounting, OEM oil cooler port provision, OEM engine NVH suppression, OEM flange gasket and sealing
- Traditional high-quality cast aluminum appearance with clean exterior styling.
- Provides maximum clearance to chassis
- Complete kit including sump baffle, pick-up tube, sump plug, oil filter stud & oil passage cover.
- Fits GM rear wheel drive applications that were originally equipped with a Small Block or Big Block Chevy engine and traditional rear sump oil pan

302-1      \$308<sup>00</sup>

19044-16	289-302-351W D.....	1.6	7/16"		\$262.97

- A. For V6 use -12 suffix. Will not replace late model rocker  
 B. Requires stud #4514-16 to replace late model pedestal  
 C. Includes pedestals and bolts, recommended with stock or mild camshaft only  
 D. Must use screw-in studs and guide plates

Made In The  
USA

## Hydraulic Cam & Lifter Kits

- Great for street/street applications
- Produces high RPM, horsepower & torque
- Matched valvetrain components at an affordable price

### Small Block Chevy

CL110931-11	Strong Low Mid-Range Torque	\$121.03
CL112431-08	Hot Street 4 bbl. & Headers Recommended	\$121.03
CL110951-10	Street Strip Needs Headers, 4 bbl. & Low Gears	\$121.03
CL112031-08	Broad Power Band, Works Well in Heavy Vehicles	\$121.03
CL112041-09	E.T. Brackets, Strong Mid & Upper End Power	\$121.03

### Big Block Chevy

CL120021-12	Exceptional Torque, Good in PU, 4x4, RV	\$133.17
CL120031-12	Great Low & Mid Range, Heavy Vehicles	\$133.17
CL122521-15	Excellent In Performance & Marine	\$133.17
CL120941-11	Strong Mid-Range Needs Headers / 4 bbl	\$133.17

### Small Block Ford

CL210021-12	Good Low & Mid-Range Good in PU, 4x4, RV	\$129.33
CL210031-12	Broad Power Band Hot Street / Marine	\$119.33

### Big Block Ford

CL242201-10	Strong Bottom End, Great Daily Usage Cam	\$143.10
CL240931-11	Hot Performance Street / Marine	\$143.10

# Chemicals

## Chemicals

### Water Jacket Filler

Only  
\$84.88

HARD BLOK WATER JACKET FILLER is a specially formulated, cement-based product

- Remains stable at all operating temperatures.
- Does not soften when exposed to high heat, nor erode.
- Fills the smallest spaces in the water jacket.
- Does not shrink or pull away from the cylinder walls.
- Does not expand. Does not erode in water.
- Extends cylinder wall life both by preventing cracked walls and by causing the walls to wear truer. Honing is minimized during rebuilds.

### Radiator Protection

040200      040202  
\$6.51      \$6.73

040204 ...Radiator Relief for Diesels 16 oz.

040202 ...Radiator Relief FLUSH 16 oz.

- 30 degrees lower operating temperature
- 50% quicker warm up for use in all water cooled engines
- Radiator Relief Flush is a concentrated cleansing agent that effectively removes rust and mineral deposits left behind in the radiator core & hose lines

## Protect-A-Boots

- Spark plug boots offer heat protection
- Double-wall double-stitch construction
- Universal-fits most straight or angled boots

010502	.....8 cylinder application-6" Silver Boots	.....\$42.17
010522	.....8 cylinder application-6" Red Boots	.....\$42.17
010501	.....2 cylinder application-6" Silver Boots	.....\$12.35

## Aluminized Plug Wire Sheath

- Withstands 2000°F
- Prevents burning & cracking

010409	.....Wire Sheaths 3/4" dia.x6" long-4 pack	.....\$6.08
--------	--	-------------

## Cool Cover Air Tube Cover Kit

- Reflects heat away from intake tube
- Promotes cooler air charge for added power

010417	....Air Tube Cover(36"x14")Incl. 24"x2" strip of heat tape	.....\$44.65
--------	--	--------------

## Versa-Shield

- For use around Starter, carb, distributo or, fuel pump
- Easily shape & trim to fit- secures w/ hook & loop

010402	.....Versa-Shield (7" wide x 24" long)	.....\$20.53
--------	--	--------------

## Turbo Insulation Kit

- Designed to reduce turbo lag
- Reduces underhood temperatures

010113	....Pipe wrap,turbo blanket material,two 14" & two 20" locking ties	.....\$59.74
--------	---	--------------

## Exhaust Heat Wrap

- Reduces heat in engine bay
- Resists high heat temperatures

010101	.....1" x 50' Exhaust Wrap	.....\$20.23
010102	.....2" x 50' Exhaust Wrap	.....\$32.47
010103	.....2" x 100' Exhaust Wrap	.....\$59.35
010105	.....1" x 15' Exhaust Wrap Short Roll	.....\$6.25
010106	.....2" x 15' Exhaust Wrap Short Roll	.....\$10.44
010107	.....1" x 50' Exhaust Wrap - Black	.....\$23.20
010108	.....2" x 50' Exhaust Wrap - Black	.....\$37.10
010120	.....1" x 15' Exhaust Wrap Short Roll - Black	.....\$6.88

600024 ....GM TH350 - 3500+ rpm stall 10" converter for light cars.....	\$300.42

## Pistol Grip Quarter Stick

- Designed for firm comfortable natural grip providing a positive feel when shifting
- Same features & qualities of the existing Quarter Stick automatic shifter
- Handle is CNC machined from billet aluminum
- Features a precision snap-action switch, ideal for roll control,

3162001 ...TH350/400 Reverse Pattern & Powerglide ...\$228.48  
3162006 ...TH350/400 Forward Pattern .....\$224.48

## Unimatic™ Shifter

- Turn your column shifter into a floor shifter and still retain that performance flavor
- Looks identical to a manual 4-speed shifter and because of it's cable operated design
- Includes a neutral safety switch and 5' cable

80775

\$113.99

## SportShifter™

- Utilizes a simple detent action between first, second, high & neutral
- It features a lighted gear indicator, black plastic T-handle, neutral safety switch, & flat aluminum stick

80776

\$134.99

## MegaShifter™

- Universal floor mount application
- Base can be trimmed to custom fit any floor
- Cable operated for quick installation
- Reverse lockout feature meets NHRA & IHRA requirements
- Polished aluminum T-Handle & Cable

80690 ....Most 3 & 4 Speed Trans .....\$195.69  
80680 ....Most 3 & 4 Speed Trans w/ tall base for truck ..\$195.69

## QuickSilver™ Shifter

- Universal floor mount application
- Base can be trimmed to custom fit any floor
- Cable operated for quick installation
- Includes neutral safety switch
- Chrome knob and cable

lex wahl  
80683 ....Most 3 & 4 Speed Trans .....\$180.49  
80688 ....73-81 Camaro, 70-81 Firebird console mnt ....\$180.49

## StarShifter™

- In normal mode StarShifter is a straight line detent shifter, but when the lever is in low, lift the trigger all the way and pull the stick back to convert to ratchet action.
- Move stick forward for he 1-2 & 2-3 shifts
- Fits 3-speed auto transmissions only

80675 \$125.99

## Pro Stick™

- The ultimate shifter for Powerglide applications w/ or w/o air or CO2 shifters
- Reverse lockout feature meets NHRA & IHRA
- Modular quick change gate plate design

80701 ....Most 3 & 4 speed trans., w/o cover .....\$149.84

## The Original Roll Control

Prevents "rolling the lights"  
and aids in burnouts.

This Complete kit is ready to install for your next race.

1745000 \$81.37

## Roll Control Switch

- Incorporates a micro switch for an immediate and accurate release
- Use with roll control, transbrake, launch control and nitrous systems or the 12 volt access
- Rated at 10 amps., Enclosed 2' of wire

2483875 \$21.06

## Pro Ratchet™

- Single hand operated reverse lockout feature meets NHRA & IHRA req.
- Short throw ratchet action reduces shift time
- Stick always returns to center position after shift
- Precision ratchet action works w/ either standard or reverse pattern valve bodies includes neutral safety switch

80842 ....Most 3 & 4 Speed Trans. .....\$180.49

## Z-Gate™ Shifter

- The patented "Z" shaped architecture eliminates the possibility of overshifting & missing a gear
- Includes a T-handle & T-trigger
- Fits 3-speed auto trans.only

\$121.59

**Hot Rod Calc™**  
STREET AND STRIP PERFORMANCE CALCULATOR

## Easy To Use ET Predictor

- It's Easy...
- It's Portable...
- It's Affordable...
- And best of all, It's Guaranteed!

### INSTANT ANSWERS AT THE TRACK

At the track, see how weather and elevation will affect your times so you can instantly predict your dial-ins using current track conditions. Predict Elapsed Time and top speed for 1/4 mile or 1/8 mile runs. No computer, charts or workbooks needed.

8703  
**\$59.99**

### Includes —

- Armadillo Gear Case
- Easy to follow User's Guide with illustrations and how-to-examples
- Quick Reference Guide
- Long-life batteries, (2) LR-44
- Full one-year limited warranty
- Technical support

## Self Powered Single Wire Timing Light

- State-of-the-art, single wire design (operates on 2 D cell batteries)
- Excellent for use with magnetos and all spark ignition systems
- Bright xenon strobe clearly visible in daylight
- Accurate timing up to 14,000 RPM
- Can be used to test circuits
- Works great with MSD ignitions

HPS Series  
Motor Oil

**\$7.00**  
qt

Perfect for street machines

Royal Purple HPS Series motor oil is specifically formulated to maximize performance and meet the demands of high performance & modified engines.

Performance advantages

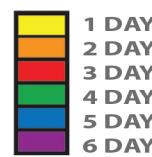

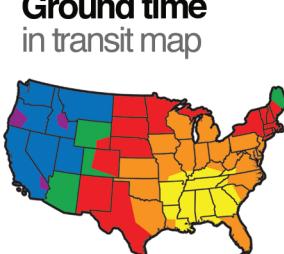

- Significantly reduces heat and wear
- Improves sealing
- Protects valve trains
- Exceptional oxidation stability
- Reduces engine deposits and keeps engines clean w/synthetic solvency
